B.1. In the event of a payroll error resulting in an overpayment to an employee, the employee shall be notified in writing of such overpayment, noting the amount overpaid with an appropriate explanation. Repayment to the District shall be in a manner jointly agreed to by the Payroll Department and the employee, provided the total amount is repaid within a period of time not to exceed the length of time for which the overpayment was received. Repayment will be required for the period including the current year and up to a maximum of four (4) previous fiscal years.

2. All inquiries regarding an individual's pay will be responded to in writing after review by the Human Resources Department, and the worksheet will be filed in the personnel file. A. Employees transferring within the respective base:

1. When an employee is transferred to the next higher pay grade within the same base of his/her present position, all years of paid experience will be credited to the employee on the new pay grade.
2. When an employee is transferred within the same base of his/her old position and skips the next highest pay grade, the employee shall be placed on the new pay grade at years of experience that will result in no less than a ten cent (\$.10) per hour increase in pay.

B. Any employee within the bargaining unit who transfers from his/her present base to another base within the bargaining unit shall be placed on his/her new pay grade at zero experience. In the event such placement would result in a loss of hourly rate, the employee would be placed on the first step that would result in no loss of hourly rate.

Section 7 6.

For the school year all salary schedules will be increased by the percentage collectively bargained as reflected in Appendix D.

Beginning July 1, 2008, all newly hired employees will be placed on Step 1 and no previous work experience will be granted. Any exception to this provision will require the approval of the Executive Director of Human Resources and the Executive Director of UniServ.

Section 7 8.

A. The annual salary as prescribed herein shall constitute the annual rate of pay for each position provided the employee works the full contract year. The amount of compensation due for each pay period shall be determined by dividing such annual rate by the number of paychecks selected by the employee for the work year. Such amount shall represent the entitlement of the employee at the end of each pay period, provided the employee has been on duty or on eligible paid leave during each workday in the pay period and is employed for the full contractual year. The daily rate of pay will be determined by dividing the annual rate of pay by the number of days established for the position.

B. 1. In the event an employee should terminate during the contract year or take a leave of absence prior to the completion of his/her contract, the total number of days the employee was on duty or on eligible paid leave will be multiplied by the employee's daily rate of pay to determine the employee's total contract salary. The salary paid to date will be subtracted from the total contract salary and the balance will be paid to the employee in his/her final check.

2. In the event an employee should begin employment or return from an unpaid leave of absence later than the first required for the particular position, the total salary due to the employee will be calculated by multiplying the total number of actual workdays by the daily rate of pay. The total salary will then be divided by the number of checks remaining for the "paid over contract" position to determine the biweekly rate of pay. The first and the last paycheck will represent a percentage of the employee's biweekly pay based on the number of actual workdays in the pay period.

3. In the event an employee who had previously elected to be "paid over 12 months" transfers into a position which results in a change of contract days, he/she will be placed on "paid over contract" status.

4. In the event an employee changes positions which result in a different daily rate of pay, the total contract salary will be calculated by multiplying the daily rate of pay in each position, less any unpaid leave days the employee has taken. To establish the employee's biweekly rate of pay, the salary paid to date will be subtracted from the total contract salary. The balance will be divided by the number of checks remaining for the position. In the event an employee changes positions during a pay period the employee will be paid a prorated percentage of the established biweekly for the old and the new position.

C. In the event the employee has not been on duty or on paid leave for one (1) or more days, or fraction thereof, in the pay period, the compensation for that pay period shall be reduced for each hour not worked or fraction thereof on the basis of the employee's hourly rate of pay.

D. Fiscal year end calculation - The Finance Department will activate a computer program that will calculate an employee's fiscal year payoff ensuring that each employee is paid to their exact contract amount in their last regularly scheduled paycheck for the fiscal year.

Section 8 9.

An employee whose job description requires them to hold a State License in waste/water treatment or pest control shall be placed on Pay Grade D07. Any such employee presently on D08 will remain on that pay grade as long as he/she remains in that position.

Section 9 10.

A bargaining unit employee whose car is vandalized while on duty at a school shall have up to \$200.00 of his/her actual damages paid by the Board. In order for the employee to receive reimbursement, he/she must submit a copy

of the paid repair bill, the police report, and his/her insurance policy to the Risk Management Department for approval.

Section 1140.

If an employee transfers back into a NIPSCO bargaining unit position previously held and having no break in service with the district since leaving this bargaining unit, the employee shall be placed at the same paygrade and step held in that position.

Section 44.12.

The School board will provide discounted rates for all employees. Additionally, the ad hoc committee established in 2008/09 will continue to meet and evaluate the current Extended Day Care Program and make recommendations as necessary. See Appendix H.

ARTICLE IV - DAYS AND HOURS

Section 1.

The beginning and ending of the regular workday (Monday – Friday) may be varied to meet individual work center needs.

Section 2. Lunch Period

The regular lunch period for each member of the Bargaining Unit shall be no less than thirty (30) minutes in each workday, which shall be duty-free except in work centers where the program will not permit duty-free lunch, ~~or~~ except in in cases of emergency, the employee's workday shall be reduced by the amount of time that is not duty-free.

During student non-attendance days where lunch is not available for sale by the Food Service Department, the lunch period shall be sixty (60) minutes.

The work center head may designate a thirty (30) minute lunch period at his/her discretion, providing all bargaining unit members in that work center are required to adhere to the decision. Such decision shall be non-grievable.

~~Employees may take a rest period of not more than fifteen (15) minutes for each half day of work at times authorized by the employer. The rest period is intended to be a recess to be preceded and followed by an extended work period; thus, it may not be used to cover an employee's late arrival to work or early departure, nor may it be regarded as accumulative if not taken.~~

Section 3. Breaks

Employees may take a ~~rest period~~ **paid break** of not more than fifteen (15) **uninterrupted** minutes for each half day of work ~~at times authorized by the employer.~~ **The employee will receive a copy of their break and lunch schedule when they report for duty at the start of each school year.** ~~The rest period-~~ **paid break** is intended to be a recess to be preceded and followed by an extended work period; thus, it may not be used to cover an employee's late arrival to work or early departure, nor may it be regarded as accumulative if not taken. **If an employee is denied the scheduled break, the supervisor may reschedule the break for another time during the day. If the break cannot be accommodated the employee will be paid their hourly rate for all denied breaks.**

Section 3.

Bargaining unit members shall be employed for the number of days and hours, exclusive of lunch, as set forth in Appendix C of this agreement.

Section 4.

~~The pre-school, post-school and/or in-service days for food service workers and assistant managers will be determined by the administration provided that the total days worked shall not exceed that which is specified in Appendix E and further provided that said employees are notified on these dates no later than the last day of work the preceding fiscal year.~~

2. If it becomes necessary to increase the number of employees within a job classification, the order of recall will be the inverse of the lay-off. Failure to respond to a certified letter of recall within fifteen (15) workdays from date of mailing automatically terminates the employee's right to recall. The recall shall be in effect for the current and ensuing fiscal year.

- F. When an employee requests the Superintendent to conduct an informal inquiry regarding material placed in his/her personnel files, the Superintendent or his designee shall commence the investigation within ten (10) workdays. The official making the inquiry shall append a written report of his/her findings to the material within thirty (30) workdays after the investigation has been concluded. The employee shall receive a copy of the written findings.

Section 13. Promotions

Promotions shall not be granted prior to interviewing a minimum of three (3) qualified employees who are currently employed in the system and who have applied for available positions covered by this agreement. All employees who were interviewed will receive notification of the decision.

Section 3.

The Association may, at its own expense, provide a bulletin board for its exclusive use in an area and of a size mutually agreed upon with the Association and the work center administrator, but may use available board space if given permission by the principal/department head.

ARTICLE X - GRIEVANCE PROCEDURE

Section 1.

All employees shall have the right to a fair and equitable grievance procedure. Each employee has a right to this grievance procedure to be used for the settlement of disputes between the employee and his/her immediate supervisor involving the interpretation or application of this agreement. Discharge of a probationary employee or failure to appoint an employee for a succeeding year shall be non-grievable.

Section 2.

A grievance is an alleged violation, misinterpretation or misapplication of a specific provision of this agreement.

Section 3.

Each employee or group of employees has a right to this grievance procedure.

Section 4.

Whenever an employee feels that there is a grievance, every effort should be made to arrive, on an informal basis, with the immediate supervisor, at a mutually satisfactory solution to the grievance. When this cannot be done, resort should be to the more formal procedure stated herein in an effort to resolve grievances. Grievances at Step I and Step II shall be conducted in private. The aggrieved employee and the administrator shall have the right in such instances to request the presence of a representative. Nothing in this agreement shall be construed to prevent any employee from presenting at any time his/her grievance in person or by legal counsel as outlined in Florida Statutes.

Step I

The employee shall submit to his/her principal or immediate supervisor a signed written statement of fact(s) on an official grievance form. Such statement shall be specific. Such grievance must be presented within a reasonable time, but in no event longer than fifteen (15) work days after an employee should have been aware of the act or condition which is the basis of his/her grievance. In the event such an alleged act or condition occurs within the last two (2) weeks of the employee's contract year, the grievance must be presented within twenty (20) calendar days.

Within ten (10) workdays of the receipt of the grievance in writing a meeting shall take place between the principal or immediate supervisor and the grievant and, if either party desires, their representative. The principal or immediate supervisor shall respond to the grievant, in writing, within ten (10) workdays after the meeting and shall furnish copies thereof to the employee.

Step II

If the employee is not satisfied with the disposition of the grievance at Step I, the employee may appeal to the Superintendent or his designee within five (5) workdays after he/she has received the disposition of Step I. Said appeal shall be written on the official grievance form and transmitted to the Superintendent or his designee in person or via certified mail, return receipt requested. Within ten (10) work days after receipt of the grievance at Step II the Superintendent or his designee shall meet and confer with the employee with a view to arriving at a mutually satisfactory solution of the grievance. At the conference(s) the employee and the Superintendent or his designee may have his/her representative present. Absence of the Association's representative will not prevent the conference(s) from being held if the Association has been given forty-eight (48) hours prior notice.

Notice of the conference shall be given also to the persons who rendered the decision at previous steps. The principal or immediate supervisor and the Superintendent's designee may be present at the conference(s) to state his views. The Superintendent/designee shall respond to the grievance, together with supporting reasons in writing via certified mail or in person to the employee within ten (10) working days after the Step II conference. Those persons who rendered the decision at Step I shall also receive a copy of the decision at this step.

A. Should the grievant not be satisfied with the Superintendent's decision following the Step II hearing, the Association and District may agree mutually to submit the grievance-to-grievance mediation under rules set forth by Federal Mediation and Conciliation Services. The request to pursue grievance mediation must be made in writing within five (5) days of the Step II disposition. This dispute resolution step serves as an alternative to binding arbitration. When the parties agree to utilize this step, the timelines are held in abeyance until the mediation

process is concluded. Should the parties fail to achieve a grievance settlement, or if either party declines to utilize grievance mediation, the Association retains the right to proceed to binding arbitration in accordance with the procedures outlined in Step III of this article.

Step III

If the Association is not satisfied with the disposition of the grievance at Step II, the Association within ten (10) workdays after receiving the decision of the Superintendent, may submit the grievance to arbitration by so certifying their intentions in writing to the Superintendent in person or via certified mail, return receipt requested.

The Superintendent and the Association, within ten (10) workdays shall request a list of arbitrators from Federal Mediation and Conciliation Service (FMCS). Within ten (10) workdays of the receipt of that list the Association will meet with the Superintendent's representative to select the arbitrator. If the parties cannot agree as to the arbitrator, they shall immediately request that FMCS appoint a person as arbitrator. The parties shall forward to the arbitrator copies of all previous relevant actions and send a copy of same to the other party by certified mail, return receipt requested. The parties shall not be permitted, unless so ruled by the arbitrator, or otherwise mutually agreed upon, to assert in such arbitration preceding any evidence not previously disclosed to the other party prior to the proceeding. Both parties agree that the award of the arbitrator shall be final and binding providing the arbitrator complies with provisions of Section 4, of this article.

Section 5. General Provisions

- A. Any grievance which arose prior to the effective date of this agreement shall not be processed.
- B. A grievance may be withdrawn at any level but that same grievance may not be filed a second time.
- C. The filing of a grievance shall in no way interfere with the right of the Board to proceed to carry out its management responsibilities, subject to the final decision of the grievance.
- D. The Association and the District shall bear any fees and expenses of the arbitration step in this procedure equally.
- E. The Association and the District shall bear any fees and expenses of the arbitration step in the procedure equally.

- G. It is the mutual intent of the Board and the Association to resolve all grievances at the earliest possible level of the grievance procedure.
- H. Florida Statutes 447.301(3) - Nothing in this part shall be construed to prevent any employee from presenting, at any time, his own grievances in person or by legal counsel, to his public employer and having such grievances adjusted without the intervention of the Association, if the adjustments are not inconsistent with the terms of the collective bargaining agreement then in effect and if the Association has been given reasonable opportunity to be present at any meeting called for the resolution of such grievances.
- I. All grievance steps and arbitration proceedings are to be conducted outside regular working hours unless the Board consents in writing to the contrary. When such grievance meetings and conferences are held during school hours, all employees whose presence are required shall be excused, with pay, from their normal duties.
- J. All testimony and documents arising from grievance procedures will be filed separate and apart from individual personnel records.
- K. If any employee for whom a grievance is sustained shall be found to have been unjustly discharged, he/she shall be reinstated with a full reimbursement of all compensation lost.

L. Powers of the Arbitrator

It shall be the function of the arbitrator and he/she shall be empowered, except hereinafter provided, after due investigation, to make a decision in cases of alleged misinterpretation, or alleged misapplication of the specific articles and sections of this Agreement in accordance with Chapter 682 (Florida Arbitration Code) Florida Statutes

and the Florida School Code (Chapters 1000-1013). The arbitrator in his/her decision shall not amend, modify, nullify, ignore or add to the provisions of this Agreement.

His/her authority shall be strictly limited to the issue or issues presented to him/her by the parties and his/her decision must be based solely upon his/her interpretation of the meaning of the express relevant language of the Agreement. The parties agree that in such instance(s) the dispute entails the question of arbitrability or untimeliness the arbitrator will be selected to determine solely the question of arbitrability or untimeliness. In the event the arbitrator finds the grievance is not arbitrable or is not timely, the Association will take no further action regarding the arbitrability or untimeliness of the grievance. If the arbitrator determines that the grievance is arbitrable the grievant will proceed with the grievance at the applicable step.

B. Leaves of such employee shall be authorized for a total number of hours not to exceed ten (10) school days during any school year for illness contracted, or injury incurred, for such causes as described above. Section 10. General Provisions Governing Leaves

A. Application for personal, maternity, military, vacation, extended leave, and assignment for temporary duty must be made in writing and presented for approval ten (10) days prior to the date leave is requested. All requests for leaves must be signed by the employee, recommended by the principal, immediate supervisor, and cost center director, and approved by the Superintendent or his designated representative, under authority granted by the School Board.

B. Any employee who is willfully absent from duty without leave shall forfeit compensation for the time of such absence, subject to dismissal.

C. A leave once granted should remain in force for the duration of the granted leave unless both parties, the employee and the Board, wish to terminate such leave.

D. Leaves shall be granted for no more than one (1) school year at a time. Leaves may be renewed for the succeeding year, however, no more than two consecutive years of leave shall be granted. Bargaining unit members who have been granted leave through the end of the employee calendar year shall, no later than March 10, notify the district office or work center head, in writing of their intent to return the next fiscal year, their intent to request an extension of the leave or a letter of resignation effective at the end of the leave. The Board may consider that failure to comply with this requirement constitutes a resignation by default on the part of the employee. However, the employee may apply and be considered for re-employment by the Board. The administration agrees to furnish the Association a list of bargaining unit members who are on leave for the remainder of the school year as of February 20.

E. A leave granted establishes an employee/employer relationship during the length of said leave. Granting of a leave to an employee during a particular fiscal year does not denote rehire for the ensuing year.

F. Any employee granted an unpaid leave of absence as provided in this article shall be given an opportunity, unless otherwise provided, to continue medical, vision, and dental insurance coverages in existing school programs through COBRA during the leave provided such leave is acceptable by the insurance carrier and provided that full premiums for such insurance programs shall be paid by the employee. All coverage will terminate and be subject to the policy provisions. Employees will be responsible for paying their voluntary coverages directly to the vendor (i.e. short-term disability, accidental death and dismemberment).

G. Leave granted on the request of an employee shall be for particular purposes or causes which shall be set forth in a written application for leave.

The School Board shall have the right to determine that the leave is used for the purposes or causes set forth in the application, and if not so used the Board shall have the authority to cancel the leave.

H. An employee returning from a leave of absence shall retain full credit for years of employee's service prior to the leave, if returning to the same position, plus all accumulated leave earned prior to the leave of absence.

I. An employee on personal leave for maternity or parental reasons shall not be denied the opportunity to substitute in the school district by reason of the fact that he/she is on such leave of absence.

J. Specific leave may be refused if the employee's absence would cause undue hardship or interruption of vital school service.

K. Any employee returning to duty at the end of an approved leave which was granted for medical reasons may be required to present to the cost center supervisor a certificate from a licensed physician or the county health officer stating that the employee is physically capable of performing his/her duties.

Section 2.

~~It is expressly understood and agreed that all rights and responsibilities of the School Board and Superintendent as established now and through subsequent amendment or revision by constitutional provision, state and federal statutes, state regulations, the Florida School Code, and School Board rules and policies shall continue to be exercised exclusively by the School Board and the Superintendent without prior notice or negotiations with the Bargaining Unit except as specifically and explicitly provided for by the stated terms of this contract. ARTICLE XVII - PROFESSIONAL DEVELOPMENT

Section 1.

The Board shall include in the District Master Plan for Professional Development components for members of the Bargaining Unit designed to improve the competencies of employees.

Section 2.

Employees may earn professional development in-service points to be used as a basis for a professional development supplement. An annual supplement will be added to the salary of an employee who has completed sixty (60) in-service points within a four-year period for the 2019-2020, 2020-21, and 2021-22 school years. Beginning in the 2022-23 school year an annual supplement will be added to the salary of an employee who has completed sixty (60) in-service points within a three-year period. For the purpose of this section a year is July 1 to June 30.

Upon approval of the sixty (60) points such supplement will be paid in a lump sum payment no later than the second pay period in September and will continue to be paid in a lump sum payment at the same time each year for two (2) successive fiscal years provided the employee remains in a bargaining unit position. An employee on leave of absence who has earned a supplement and has worked one day over one-half of their contracted year will be entitled to a supplement. The request for such payment must be approved two (2) pay periods prior to its implementation. An employee who is entitled to the supplement and who has been laid off shall receive said supplement, as scheduled, if recalled within sixty (60) days of their normal starting date for their position. Eligibility for the professional development supplement will be determined by the following criteria:

A. One (1) in-service point shall be equivalent to one (1) clock hour of participation.

B. All in-service points earned must:

1. be included in the Master Plan for Staff Development; and/or
2. be a college course approved in advance by the District Administration (in which a grade of "C" or higher grade was received); and,
3. in both cases, must be related to the assignments within the bargaining unit. However, if an employee has an interest in participating in an in-service activity which is not related to an assignment within the bargaining unit he/she may submit form #435 to the Director of Teaching and Learning for approval.

C.1. Only in-service points earned on off-duty hours will be recorded for the purposes of this program incorporated in the sixty (60) points used for the supplement unless otherwise approved by the Principal/Cost Center Supervisor and the Director of Teaching and Learning.

2. In order to receive in-service points for in-service activities other than those offered by the school district, prior approval must be granted. It is the sole responsibility of the employee to complete form #435 for this purpose.

D. Upon evidence of successful completion of an approved college course, the District shall assign the earned in-service points to the appropriate professional development component. College credit hours are to be equated as follows:

- 1 Semester Hour = 10 points
- 1 Quarter Hour = 6 2/3 points
- 3 Quarter Hours = 20 points

E. An employee shall receive only one supplement at a time.

F. After the employee receives their first lump sum payment, the employee has a three (3) year period to earn sixty (60) points. Once the sixty (60) points have been earned and after the first check (in each three-year period) has been received, the employee may start earning another set of sixty (60) points.

G. In-service points earned toward the sixty (60) hours to be used for the supplement shall be noted on the in-service print-out provided by the schools.

H. Participants at each in-service/professional development session will be provided proper forms to assure crediting of appropriate points. Additionally, trainers shall be instructed in the proper use of and completion of said forms and in the procedures to be followed for participants to obtain points.

Giving consideration to the organizational subdivisions of the Board, assignments and shifts, the Board shall distribute overtime among employees as equally as practicable.
